

EXCLUSIVE 430N

PREMIUM WAX- RESIN RIBBONS FOR NEAR EDGE PRINTERS

Exclusive 430N is specially developed for near edge printers. It produces exceptionally black bar codes and images with no show through. Exclusive's 430N prints well on both rough, uncoated stocks and smooth, coated stocks. It has mid-range scratch and smear resistance. It can print up to 24 IPS.

Recommended Media

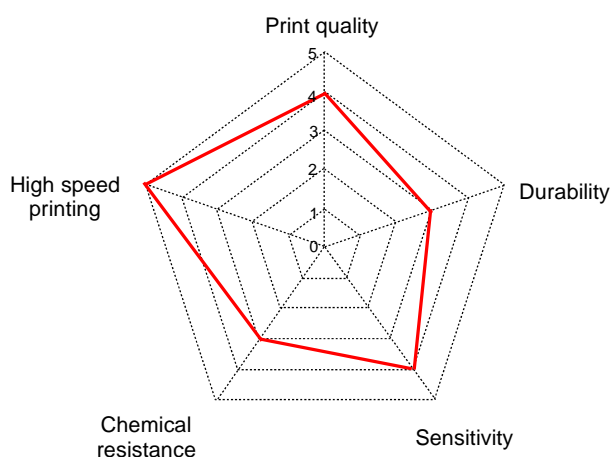

Coated and Uncoated Polyolefin (i.e. Tyvek)
Paper Tag and Label Stocks
Polyethylene
Polypropylene

Technical Specifications

Ink..... Wax-Resin
Color Black
Film Thickness 4,5 microns
Ribbon Thickness 7,6 microns
Maximum Print Speed 24 IPS
Transmission Density1,10 MacBeth Scale
Ink melting Point 70⁰C (158⁰F)

Star Diagram

This diagram illustrates Exclusive 430N ribbons used in applications when printing. Scale 1 to 5 being the best.

Applications

General purpose labeling
Shipping, warehousing and receiving labeling
Shelf and bin labeling
Retail tag and label applications
Compliance labeling
Textile and apparel applications
Nursery and lumber applications
Flexible packaging applications
